

Centralize Access & Management of all Your Applications

It's Possible Today with Solutions from The Cram Group
Call us today at 1-212-505-0381 or Click here to visit our website

Leverage The Cram Group's ProjectXnet Portal Technology to enhance your management and end user experience. More than 10,000 construction industry users rely on these mature capabilities to automate daily operational tasks. Whether you are seeking a cloud hosting solution or would like to embed our technology into an on premise portal such as Sharepoint, we can work with you to achieve your goals. We have extensive construction industry domain knowledge and are a long term Microsoft Gold & Meridian Service Partner.

Managing and Using Multiple Role Based Applications from a Centralized Web Portal is as easy as 1, 2, 3.
